Checkers™ Cable Management offers the most extensive line of high performance cable/hose protection products in the world. These durable cable protection systems provide a safer method of passage for pedestrian traffic, vehicles and heavy duty equipment while protecting valuable electrical cables, cords and hose lines from damage.

To fit the needs of a wide variety of applications, we offer lidded models, drop over models, open top models, and low profile models constructed from all-weather polyurethane. We also offer rubber duct models for light applications.

- **World's largest cable protector manufacturer**
- **Checkers™ cable management systems are manufactured in the USA in Broomfield, CO**
- **We offer extensive accessories, such as ADA/DDA compliant access ramps, protector bridges, 45 & 90 turns and end caps**
- **Polyurethane construction is lighter and more durable than rubber imitations in extreme weather conditions**
- **Universal safety colors alerting all type of traffic to the product's presence**
- **Satisfies state and federal regulatory agencies**
- **Customized solutions, including logos molded into the product**
- **Multiple channel options so each cable and hose can have its own dedicated channel**
- **Non-conductive material insulates and protects cords/cable, as well as people**

GRIP GUARD SERIES 3-CHANNEL CABLE PROTECTORS feature our “Gripper Connectors” with a new lightweight design. At a weight of only 23 lbs., Grip Guard® is up to 33% lighter than other leading polyurethane 3-channel cable protectors, and up to 50% lighter than other rubber 3-channel cable protectors on the market. The Gripper Connector is ergonomically designed to fit your hand, which allows for easy handling and transport. This connector also locks multiple cable protectors tightly together to provide a safe crossing for vehicle and pedestrian traffic while protecting valuable electrical cables and hose lines. When compared to other rubber manufactured cable protectors, Grip Guard® is up to 50% lighter without compromising the required strength and durability.

Material: UV Stabilized Polyurethane

MODEL: GG3X225

⚠ WARNING: This product can expose you to chemicals including Carbon Black, Titanium Dioxide, Formaldehyde, and Benzyl Butyl Phthalate, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

- Lightweight construction - only weighs 23 lbs.
- Protects cables and hoses up to 2.25" outside dia.
- Gripper Connectors to extend to any desired length
- Snap Fit™ hinged lid for easy cable placement
- All-weather polyurethane construction
- Features a load capacity of 10,000 lb./Axle (4,534 kg)

APPLICATIONS

- Concert Venues
- Public Events
- Military Sites
- Utilities
- Light Duty Applications
- Entertainment
